

**Alaska Trappers Association  
Official Position Statement  
Trapline Signs**

The Alaska Trappers Association encourages trappers in road-accessible regions of the State to post signs near major points of access to their personal trapline trails. These signs should explain that there are traps and/or snares on or near the trail. The signs could also include the trappers name and contact information. These signs are intended to alert other trail users of the purpose of the trail, so that they can avoid conflict with the trapper. This approach of posting signs should be beneficial for everyone involved.
