- LIMIT: 10 Beaver for any One Trapper AND no RAW black bear hides will be accepted.

\*\*\*\*\* Fill out all lines on top and bottom of tag leaving **ONLY Sale Price Blank** \*\*\*\*\*

1. SPECIES: Self-explanatory, (lynx, red fox, cross fox, wolf, etc.) If the pelt is tanned, please annotate that also — example: Tanned Red Fox.
2. CONSIGNMENT #: Format should be YOUR 3 letter initials—followed by a sequential 3 digit number for each tax — example: John Albert Doe's 4th item would have a consignment # of JAD-004
3. MINIMUM BID: The minimum bid should truly reflect the amount you are willing to accept for the item. We often see minimum bids that reflect the desired amount the trapper hopes to receive rather than the minimum starting price. If minimum bids are too high, we will often be reluctant to offer the item up for bid. High minimums tend to stifle crowds and create a difficult situation for the auctioneers. It is important to note that lower, more reasonably market items often far exceed minimums. Starting a bit lower and building crowd participation maintains auction momentum.
4. SALE PRICE: Leave this BLANK — it is for use at time of sale at the auction.
5. ATTACH the tag, preferably through an eye, ensuring it is SECURE.
